Land on 20.00 Acres

N/A, Kalispell, MT

This private 20-acre wooded lot has no covenants, HOA, or zoning. It is a blank slate, ideal for outdoor living - camping, hiking, or hunting. Develop this property and you could have a self-sufficient remote retreat! The property is crossed by abandoned logging roads that add plateau-like shelves that could be cleared and built on. To the south of the property lie forested lots that sprawl for miles. The sloped property is heavily forested and in need of extensive brush clearing. This is a perfect opportunity to own acres of Montana forestland as your own remote getaway.
