Some homes are simply built. This one was crafted. A true Neville Log Home is a work of art, and this one presents a rare opportunity: to own a piece of Montana's heritage at a price that offers instant equity. This isn't just a purchase-it's a strategic acquisition, the kind of savvy move that defines a person. Every detail of this 4,803 sqft, 4-bed, 6-bath sanctuary has been meticulously designed. It's a completely turn-key experience, meaning the lifestyle begins the moment you step inside. The locally crafted furniture, the private sauna, the full home gym, the custom pool table-this home is a curated collection of comforts, not just a list of amenities. Uninterrupted View-Perched high on the Eastside, where the Bitterroot Mountains become your personal skyline, this property feels a world away. Yet, it sits a mere 15 minutes from the heart of Stevensville's vibrant community, perfectly balancing rugged solitude with accessible local charm.
