Commercial Sale on 0.48 Acres

N/A, Ronan, MT

Reduced Price! Set in the small agricultural community of Ronan, in a mountain valley rivaling Jackson Hole and the Tetons, the building features classic ~60s Rawhide ranch style architecture, with post-and-beam verandas and ornate cedar siding. The interior features 10'™ ceilings throughout 2/3 of the building and includes a beautiful 740 sq ft stage with ballet rails and mirrors and a 240 sf dance floor. One of the 6 discrete rental spaces opens to a sunny lawn-garden-patio area featuring shady poplars and evergreens, cedar fencing and a 8'™x10'™ portable stage. Located midway between Missoula and Kalispell, 20 minutes from Flathead Lake and the Bison Range and 90 minutes from Glacier National Park, the Red Poppy sees an annual average of around 12,000 vehicles per day. A new electronic reader board at the stoplight on US Highway 93 South draws attention to events, activities, goods and services available at the building.
