Country living with a great opportunity to build equity with a full unfinished basement. 2 main floor bedrooms including a large master suite with 3/4 bath. The kitchen has all new appliances with laundry and additional mud room attached making a great drop zone. Nice large living room with tongue and groove knotty pine walls, pergo flooring, and cozy wood stove. Huge basement with potential to do whatever you want. Plumbed for a bath and 3rd finished bedroom with bonus/storage room. Sit on the expansive deck and enjoy the amazing views of the Bitterroot Mountains. This home uses the BRID irrigation so plenty of water to have animals, garden, and there are a few fruit trees & pumpkins planted. The property is mostly fenced with some openings for wildlife to come and go. Plenty of outbuildings including loafing shed, hay storage, sheep shed, and detached garage with shop space. The seller's love the wildlife that visit the property (see photos). Peaceful and so much potential.
