Don't miss your chance to look at this affordable and nicely updated country cabin in Fort Shaw - it won't last long! Remodeled within the last 2 years, the pale neutral colors and crisp white trim help to maximize the space inside by giving this home a bright and airy feel. Durable wide-plank LVP flooring throughout make the floors convenient to maintain. New siding, gutters, windows and trim, plus a wrap-around concrete patio and freshly planted grass have completely transformed the curb appeal for this property! A brand new, matching Summit Structures shed was just added to the backyard last week for additional storage. This is a perfect option for a first home, rental property, or Airbnb!
