Residential on 0.19 Acres

N/A, Great Falls, MT

Welcome home. This 4 bedroom (1 non-conforming), 1 bath home is ready for you to move in. The work has been done. The 3 main floor bedrooms now display the beautifully refinished original hardwood floors. You'll find an updated kitchen with new appliances and lots of convenient cupboard features. The spacious bathroom boasts a double sink storage space, a large tiled shower, and doors from hallway and main bedroom. The newer windows provide lots of natural light.

A driveway leads to a double heated garage. The back yard provides an oasis for your retreat. A maintenance free deck overlooks the plush lawn, well planned landscaping, a brick fireplace, garden area and 2 sheds, all within the fenced backyard. (Part vinyl and part chain link)

An underground sprinkler system helps keep the lawn beautiful.

There's potential for a second bathroom in the basement. A contractor has verified. Design how you'd like it!
