Be on Lake Koocanusa in minutes from this pristine, modern cabin bordering forest service land. The boat launch and the lake are a short walk from this nicely secluded cabin featuring a stunning vaulted great room and kitchen area with adjoining heated and enclosed deck space. During the long summer days, enjoy relaxing under the covered wood-beam accented deck and nights around the fire pit. The circular sawn wood floors, quartz and wood slab countertops, stainless steel appliances, and copper pendant lighting accent the open floor plan of this well-appointed home. Nicely landscaped with in-ground sprinklers and a mature apple tree, the maintenance-free exterior is designed to keep the house's upkeep to a minimum. Two 50-gallon hot water tanks and an RV pad with full hookups are available to accommodate those additional summertime guests, and central air takes the edge off those hot summer days.
