Echo Lake Waterfront Gem with Modern Remodel! This is a DNRC State lease. The home underwent a total remodel in 2025, modernizing it yet maintaining a bit of rustic charm. The gourmet kitchen offers high-end appliances and custom cabinetry, while hard floors run throughout the home. Expansive windows and a deck showcase stunning lake and mountain views, bathing the open-concept living area in natural light. Three bedrooms and three baths accommodate family and guests comfortably. Outside, a private dock with anchored mooring buoy extends over a clear, pebble-bottom that gently slopes to deeper water—ideal for swimming or launching small watercraft. Property borders state land on a low-traffic road, providing privacy. Plans for a screened-in porch, full bath and delightful bedroom over a future garage, offer room to expand. Abundant storage throughout the home keeps gear organized. Experience lakeside living at its best—schedule a viewing today. No well or septic records. The septic has been pumped recently, see documents. Radon system in place. Square footage derived from Assessor and building plans. In the remodel, owner created closets that would allow for the installation of an elevator. Remodel is just about complete, there is not a propane tank installed.
