Residential on 0.33 Acres

N/A, Townsend, MT

This charming 1920s fixer-upper is a true diamond in the rough, just waiting for the next owner to uncover its potential. According to public records, the home has three bedrooms; however, the third bedroom may be better suited as a small office or could simply serve as a landing at the top of the stairs.

One of the great features of this property is that it sits on two lots, providing a spacious yard for outdoor activities. Although the garage door has been boarded up, it can be restored to a garage or utilized as a fantastic workshop in its current state.

Bring your imagination and be prepared to roll up your sleeves to restore this beauty to its former glory. Please note that the house is being sold as-is.
