This location cannot be beat in the Slant Streets of Missoula on 3.5 lots (13,650 sq. ft.), close to the University, Downtown, Shopping and Parks! The tree-lined boulevards in this neighborhood make it such a special place to call home, along with the potential for a lot line relocation or second dwelling. The main level features a gorgeous living room with gas fireplace, formal dining, entry room, 3/4 bath with washer/dryer and kitchen with access to the backyard and detached 24x26 double garage. The upper level includes the master bedroom with wood burning fireplace and sitting room, two additional bedrooms, a full bath with clawfoot tub and a sun room you will spend every day in (the flooring is from the old Dahlberg Arena). One of the previous owners was a doctor and used an upstairs safe for medications - the safe is still there today. There are gorgeous hardwood floors, french doors and 1/2 doors and original woodworking throughout the house. The basement has a storage room and plenty of storage shelves for whatever you might need. Homes like this don't come available very often!
