A special opportunity to make your dreams come true! Benny's™ Bistro is a small, farm-to-table restaurant in the heart of Downtown Helena, Montana. They rely on local farmers to supply Montana-grown proteins and as much produce as our seasons allow. They source ingredients directly from the farmers with whom they have worked to develop personal relationships. This thriving 70-seat restaurant has a respected connection and strong history in the local community. Benny's Bistro uses ingredients that are grown or produced locally and seasonally, often with a direct connection to the farms and producers. This concept aims to shorten the distance between the farm and the plate, promoting freshness, supporting local economies, and reducing environmental impact through less transportation. They change the menu based on the freshest available ingredients and prioritize relationships with local farmers, fostering a deeper connection to food and community.
