3 Bedroom, 2.00 Bathroom, 1,440 sqft
Residential

N/A, Missoula, MT

This 3 bedroom, 2 bathroom mobile home has plenty of life left and is ready for someone with a vision. The open kitchen flows into the dining and living rooms, making the layout feel spacious and inviting. The primary bedroom connects to its own bathroom with a tiled shower, and the second bedroom is surprisingly large, giving you options for family, guests, or projects.

Built in 1974, this 24x60 Carriage model has good bones and space to grow into. Some updates have been started, including tiling and flooring, but there's still room for you to put in the work and make it your own. The back porch, front entry, large yard, and storage shed add even more usable space and potential.

The location between the airport and the Wye keeps you close to all the essentials Missoula has to offer, while the community itself gives you a little more security than a typical mobile home park. Here, homeowners own a share of the park, and lot rent is around \$400.
